

TheBCO: when and what?

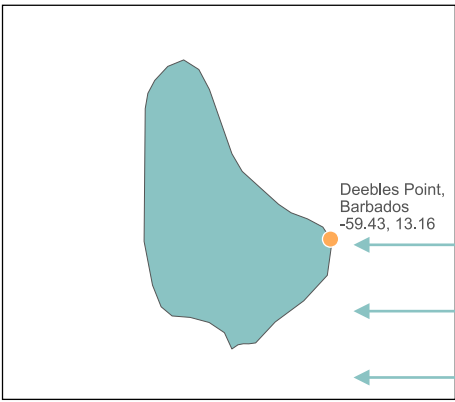

Lots of instruments, and lots of data!

- **surface meteorology, radiation, dew point mirror**
- **LIDARs (Doppler, Raman), radars (Ka-band, W-band)**
- **ceilometer, radiometer**
- **rain:**
 - **disdrometers (3)**
 - **buckets (soon two types)**
 - **micro rain radars**
- **all-sky imager, ...**
